Friday 23rd—AFL Public Holiday —NO SCHOOL

## NOVEMBER

Monday 2nd Curriculum Day—NO STUDENTS

Tuesday 3rd Melbourne Cup Day—PUBLIC HOLIDAY

Wednesday 11th Remembrance Day

**OCTOBER**

28th Sam W

### COVID SAFE:

Good to see all the kids back at school, ready to learn. Department Guidelines are we still need to limit the number of adults in the school, so thank you all for dropping the kids off and letting them walk into school themselves. Just remember that if you need to speak to any of the staff you can call us on the mobile number or the landline or make an appointment and we could meet with you.

**STAYING SAFE:** Staff and Students are still required to follow guidelines which are updated weekly by the Department.

#### Remember :

Masks

Wash Hands

Physical Distancing

**ATTENDANCE:** If you child is away please send a text to the school as it is a requirement for marking of the roll on absences.

**MAPPING AND SAFETY:** : This week we've been working on mapping and coordinates, I've attached a template for battleship that have been using to practice placing things on a grid. If you choose to play this game with your child please remember to say the X axis first (the one that goes across and then the y-axis which goes up and down, example A4, G7. This may also include walking from the school locally to do some of our mapping.

This term we are also talking about safety in the community and have been looking at finding the safest routes to move around town. Fortunately this coincides with the demolition of the old Lodge supermarket and we are going to try and get there to watch this being demolished (a little bit of history). Matt said he'd give us a call and let us know when this was happening. We have been mapping alternating routes to the supermarket.

**DRINK BOTTLES:** As the weather heats please remember to send along a drink bottle as we don't have any bubblers at school available for the kids drink. Bottles can be left at school and we re-fill them

**PLACEMENT:** Beck has been at school doing her placement hours for a course she is completing

**STILL WAITING :** We are still not entirely sure about gymnastics, our swimming program or student photos for term 4. We are just waiting for advice from the education department, when we have dates will let you know.

Damian Lappin

## **RURAL SCHOOLS CLUSTER COLLECTION**

**As part of our Rural School cluster we are again saving clean plastic tops and plastic bread ties.**

**Loch Sport Primary School Students are asking that you save your clean tops and bread ties and then send them to the school.**

**We will forward them to the coordinating school once we have collected them.**

**The school with the most can win a \$200 voucher**
